MEMORANDUM FOR THE RECORD

Morning Meeting of 29 February 1968

ADD/I unveiled a recently completed relief map of the Khe Sanh area.

ADD/I reported that the appropriate State and Defense officials have requested and will receive a briefing from a CIA/DIA team concerning the complications caused for the NATO paper on Soviet ground forces by a CIA/DIA study currently under way on the Soviet reinforcement capability in Eastern Europe.

ADD/I reported that this week's Task Force notes the presence of Soviet-made armor in South Vietnam.

25X

Godfrey drew attention to the wrap-up in the Vietnam Situation Report of the various indications of the presence of enemy armored equipment west of Khe Sanh.

Godfrey advised that the Rumanian delegation arriving to discuss the NPT is composed of individuals who have been deeply involved in Vietnam peace probes.

D/ONE reported that the Memorandum to Holders on North Korea is being circulated today and should present no problems.

Carver advised that George Allen is now scheduled to return to Washington on 6 March.

Warner reported that Congressman Teague has requested a briefing of the House Science and Astronautics Committee on the Soviet manned space program.

Warner advised that he had a most useful discussion with Congressman Philbin concerning the CIA retirement bill.
